DOCUMENT VERSION CONTROL RECORD

Version Number	Effective Date of Release	Summary of Included Changes	Author
5.0	1 November 2025	Previous release — 10-topic lesson plan for the MB-910 course.	Dr. Alfred Ang
6	1 September 2026	Major revision. Rebuilt on the single-source courseware pipeline so the lesson plan, slide deck, learner guide and labs stay aligned. Content expanded from the Microsoft MB-910T00A lab set and the current Microsoft Learn MB-910 skills outline. Ten hands-on labs added with mock data; every session now cites the current deck's slide numbers.	Dr. Alfred Ang

Course Information

Course Title	Microsoft Dynamics 365 Fundamentals (CRM) (MB-910)
WSQ Course Reference	TGS-2023040481
Training Provider	Tertiary Infotech Academy Pte Ltd (UEN 201200696W)
Skills Framework TSC	Customer Relationship Management · RET-RAN-4001-1.1
Duration	2 days · 8 training hours per day (16 hours total, including 2 hours of assessment)
Daily Timing	9:30 am – 6:30 pm (1-hour lunch break; tea breaks counted within training time)
Mode	Instructor-led classroom training with hands-on labs in a Microsoft Dynamics 365 environment
Target Audience	CRM analysts, sales and service operations staff, marketing coordinators, business analysts and anyone preparing for Microsoft exam MB-910
Prerequisites	Computer literacy at ICAS Level 2 or above; minimum 3 GCE 'O' Level passes including English, or WPL Level 5; minimum 1 year of work experience
Trainer	Dr. Alfred Ang

Learning Outcomes

On completion of this course, learners will be able to:

- LO1: Develop strategies for implementing Microsoft Dynamics 365 CRM capabilities and utilising the tools to disseminate information
- LO2: Develop frameworks to define customer journeys for marketing on Microsoft Dynamics 365 CRM
- LO3: Manage strategies to optimise the deployment and performance of Dynamics 365 customer engagement apps
- LO4: Draw actionable insights from Dynamics 365 CRM data to evaluate team and service performance
- LO5: Review research outcomes and recommend investments in Dynamics 365 CRM tools and technologies

Skills Framework Alignment

This course is aligned to the Skills Framework Technical Skill and Competency Customer Relationship Management (RET-RAN-4001-1.1).

Reference	Ability / Knowledge
A1	Develop and manage plans for implementing new CRM capabilities
A2	Review research findings and recommend investments in CRM tools and technologies deployment
A3	Manage and monitor optimisation of CRM tools and technologies
A4	Draw and communicate insights from CRM data
A5	Draw insights into team's performance and fine-tune sales processes
A6	Utilise appropriate tools to share information and stay connected from anywhere
A7	Develop and define customer journeys for marketing and remarketing
K1	Organisation's CRM strategies
K2	Limitations of CRM

© 2026 Tertiary Infotech Academy Pte Ltd. All rights reserved. · www.tertiarycourses.com.sg

K3	Opportunities of CRM
K4	Types of CRM technology and tools
K5	Criteria for recommending investments in CRM tools and technologies
K6	Criteria for improving existing CRM practices and programmes
K7	Processes involved in monitoring optimisation of CRM tools and technologies
K8	Methods for drawing and communicating insights from CRM data
K9	Criteria for reviewing research findings related to CRM

Assessment

- Written Assessment (WA) — Short-Answer Questions (SAQ), 1 hour, open book.
- Practical Performance (PP) — hands-on Dynamics 365 tasks, 1 hour, open book.
- Format: Open Book — course slides, Learner Guide and approved materials only.
- The final assessment is conducted at the end of Day 2 and totals 2 hours.
- Learners must be assessed as 'Competent' in BOTH instruments.
- A minimum of 75% attendance is required and candidates must be assessed as 'Competent' to be eligible for WSQ funding.

Training Resources

- Master Trainer Slides (PowerPoint / PDF) — Microsoft Dynamics 365 Fundamentals (CRM) (MB-910) v6
- Learner Guide (DOCX / PDF) with detailed step-by-step instructions for all 10 labs
- Lab folders with mock data (CSV) and a printable instruction PDF per lab
- A Microsoft Dynamics 365 environment (trainer tenant or a 30-day trial at trials.dynamics.com)
- Laptop or desktop with a modern browser (Microsoft Edge or Google Chrome)
- LMS/TMS portal for course material, attendance and assessment submission: https://lms-tms.tertiaryinfotech.com

Course Schedule

Each training day totals 8 instructional hours from 9:30 am to 6:30 pm. The 1-hour lunch break is excluded from instructional time; tea breaks are counted within it. Slide references point to the current version of the Master Trainer Slides.

Day 1 — Core CE capabilities, shared activities and the Customer Insights apps

Time	Duration	Topic / Activity	Slides
9:30–10:00	30 min	Welcome and trainer introduction; ground rules; mandatory AM digital attendance (TRAQOM); course map, learning outcomes and course outline; how to download course material from the LMS/TMS portal	slides 2+
10:00–11:00	60 min	**Topic 1 — Foundations of Dynamics 365 customer engagement apps: customer relationship management concepts; Microsoft Power Platform; Microsoft Dataverse; the five customer engagement apps; Copilot; ways to access and navigate**	slides 21+
11:00–11:15	15 min	Tea break	—

© 2026 Tertiary Infotech Academy Pte Ltd. All rights reserved. · www.tertiarycourses.com.sg

11:15–12:00	45 min	Hands-on: Lab 1: Navigate Dynamics 365 and Explore Dataverse — sign in to the Power Platform admin center, inspect the environment and its Dataverse database, explore tables and relationships, switch between apps, and record the environment inventory	slides 28+
12:00–12:30	30 min	**Topic 2 — Shared activities and integration options: accounts and contacts (B2B, B2C, hybrid); the six activity types and the timeline; filtering versus searching; Advanced Find**	slides 29+
12:30–13:30	60 min	Hands-on (part 1): Lab 2: Manage Customers, Activities and Reporting Views — create the account and its related contacts, and log phone call, task, appointment and email activities on the timeline	slides 38+
13:30–14:30	60 min	Lunch break	—
14:30–15:00	30 min	**Topic 2 (continued) — reporting capabilities: views, charts and dashboards; Power BI; Excel static and dynamic worksheets and templates; Microsoft Teams and Outlook integration. PM digital attendance**	slides 29+
15:00–15:30	30 min	Hands-on (part 2): Lab 2: Manage Customers, Activities and Reporting Views — build a personal view with Advanced Find, create a chart and a dashboard, and export a dynamic Excel worksheet	slides 38+
15:30–16:15	45 min	**Topic 3 — Dynamics 365 Customer Insights – Journeys: marketing use cases; real-time versus outbound marketing; the email designer; segments and marketing lists; the customer journey canvas and its tiles; triggers; lead generation; marketing forms and event management**	slides 39+
16:15–16:30	15 min	Tea break	—
16:30–17:30	60 min	Hands-on: Lab 3: Build a Segment, an Email and a Customer Journey — build the audience segment, design and personalise the marketing email, wire the journey with a trigger and a branch, and create the marketing form and the event	slides 48+
17:30–18:00	30 min	**Topic 4 — Customer Insights – Data and Customer Voice: the unification pipeline (ingest, map, match, merge); activities and relationships; enrichment; measures; segments; Customer Voice enterprise feedback management and survey best practice**	slides 49+
18:00–18:30	30 min	Hands-on: Lab 4: Unify Customer Data and Capture Feedback with Customer Voice — unify three data sources into one customer profile, define a lifetime-value measure and a high-value segment, and build and analyse a Customer Voice survey. Day 1 recap and Q&A	slides 56+

Total instructional time: 480 minutes (8 hours).

Day 2 — Sales, Customer Service and Field Service — and the final assessment

Time	Duration	Topic / Activity	Slides
9:30–9:45	15 min	Day 1 recap and Q&A; mandatory AM digital attendance (TRAQOM)	slides 2+
9:45–10:45	60 min	**Topic 5 — Explore Dynamics 365 Sales: sales use cases; the five-stage sales lifecycle; leads versus opportunities and the qualification process; opportunity management; quotes, orders and invoices; business process flows; the sales accelerator and sequences**	slides 59+
10:45–11:00	15 min	Tea break	—
11:00–12:00	60 min	Hands-on: Lab 5: Run the Lead-to-Cash Cycle: Lead, Opportunity, Quote, Order — capture the lead, work the Lead to Opportunity business process flow, qualify into an opportunity, add catalog products, then create, activate and win the quote and generate the order and invoice	slides 67+
12:00–12:30	30 min	**Topic 6 — Dynamics 365 Sales capabilities and related apps: the pipeline chart and sales forecasting; Sales Insights standard versus premium; LinkedIn Sales Navigator; the Sales mobile app; Microsoft 365 Copilot for Sales**	slides 68+

© 2026 Tertiary Infotech Academy Pte Ltd. All rights reserved. · www.tertiarycourses.com.sg

12:30–13:15	45 min	Hands-on: Lab 6: Forecast the Pipeline and Evaluate Sales Insights — read the pipeline chart, configure and read a forecast, apply a sequence in the sales accelerator, complete the standard-versus-premium comparison and write the investment recommendation	slides 75+
13:15–13:30	15 min	**Topic 7 (start) — Explore Dynamics 365 Customer Service: service use cases and where Customer Service is used**	slides 76+
13:30–14:30	60 min	Lunch break	—
14:30–15:15	45 min	**Topic 7 (continued) — the case lifecycle and the Phone to Case business process flow; SLAs and entitlements; how cases are created; queues, basic routing and unified routing; knowledge management. PM digital attendance**	slides 76+
15:15–16:15	60 min	Hands-on: Lab 7: Resolve a Case with Knowledge, Queues, SLAs and Entitlements — author and publish the knowledge article, create and route the case, apply the SLA and entitlement, work the business process flow, link the article and resolve the case	slides 84+
16:15–16:30	15 min	Tea break	—
16:30–17:00	30 min	**Topic 8 — Customer Service capabilities and related apps: Omnichannel channels and the agent workspace; bots and escalation; supervisor experiences and Omnichannel Insights; sentiment analysis; historical analytics reports; Customer Voice for service. Topic 9 — Explore Dynamics 365 Field Service: field service use cases; the work order and its lifecycle; inspections; the Field Service mobile app. Topic 10 — Field Service scheduling capabilities and related apps: the five scheduling questions; the schedule board and schedule assistant; dispatcher moves; customer assets; Connected Field Service and IoT**	slides 85+
17:00–17:30	30 min	Hands-on: Lab 8: Omnichannel, Supervisor Insights and Service Analytics; Lab 9: Create and Complete a Work Order with an Inspection; Lab 10: Schedule Resources, Manage Assets and Connect IoT — Omnichannel and supervisor analytics; create and complete a work order with an inspection; schedule resources on the schedule board, build the customer asset hierarchy and register the IoT device. Course recap	slides 91+
17:30–17:40	10 min	**Briefing for Assessment: assessment conditions, open-book rules, appeal process; assessment digital attendance**	slides 16+
17:40–18:30	50 min	**Final Assessment — Written Assessment (WA), Short-Answer Questions, open book. The Practical Performance (PP) assessment follows immediately after this session and both instruments together total 2 hours**	slides 115+

Total instructional time: 480 minutes (8 hours).

Topic and Lab Reference

Topic	Learning outcomes	Hands-on lab	Duration
Topic 01: Foundations of Dynamics 365 Customer Engagement Apps	LO1 · Day 1 AM	Lab 1: Navigate Dynamics 365 and Explore Dataverse	45 min
Topic 02: Shared Activities and Integration Options	LO1, LO4 · Day 1 AM	Lab 2: Manage Customers, Activities and Reporting Views	60 min
Topic 03: Dynamics 365 Customer Insights – Journeys	LO2 · Day 1 PM	Lab 3: Build a Segment, an Email and a Customer Journey	60 min
Topic 04: Customer Insights – Data and Customer Voice	LO2, LO4 · Day 1 PM	Lab 4: Unify Customer Data and Capture Feedback with Customer Voice	45 min
Topic 05: Explore Dynamics 365 Sales	LO1, LO3 · Day 2 AM	Lab 5: Run the Lead-to-Cash Cycle: Lead, Opportunity, Quote, Order	60 min

© 2026 Tertiary Infotech Academy Pte Ltd. All rights reserved. · www.tertiarycourses.com.sg

Topic 06: Dynamics 365 Sales Capabilities and Related Apps	LO3, LO4, LO5 · Day 2 AM	Lab 6: Forecast the Pipeline and Evaluate Sales Insights	45 min
Topic 07: Explore Dynamics 365 Customer Service	LO1, LO3 · Day 2 AM	Lab 7: Resolve a Case with Knowledge, Queues, SLAs and Entitlements	60 min
Topic 08: Customer Service Capabilities and Related Apps	LO3, LO4 · Day 2 PM	Lab 8: Omnichannel, Supervisor Insights and Service Analytics	45 min
Topic 09: Explore Dynamics 365 Field Service	LO1, LO3 · Day 2 PM	Lab 9: Create and Complete a Work Order with an Inspection	55 min
Topic 10: Field Service Scheduling Capabilities and Related Apps	LO3, LO4, LO5 · Day 2 PM	Lab 10: Schedule Resources, Manage Assets and Connect IoT	55 min

Teaching and Learning Methods

- Trainer-led presentation with a highly visual slide deck — diagrams, process maps, comparison tables and native charts rather than bullet walls.
- Guided demonstration in a live Dynamics 365 environment before each lab.
- Hands-on individual practice — ten labs, each producing a verifiable artefact the learner can show.
- Mock data supplied per lab so learners work with realistic records instead of inventing data.
- Facilitated discussion at each topic boundary connecting the feature to the learner's own workplace.
- Formative checks: each lab ends with a 'Test it' verification the trainer reviews before moving on.
